\$ 749,900

MLS# 20-1850

5 Bedrooms . 3.75 Bathrooms . 5,366 Sqft

It was once said, a picture is worth a thousand words. If that is true, this home with it's beautiful architecture and million dollar views could fill a library. Cherish your time at home enjoying the breathtaking views of the Anchorage skyline with Denali in the background from almost every room.

Rest easy knowing top notch schools and everyday conveniences are close enough to be just that,

Todd Held
